LIFE OF TOWN

Grimsby Has Yet to
Lose First Dollar It
Has Loaned—Radi-
ant is an Example

On Thursday of next week, Oct. 16th, to be exact the citizens of GRIMSBY will be asked to express their opinion on a by-law that is of more than passing interest in these days of re-construction and advancement.

The By-law in question is the by-law to loan to the Canadian Stoves Co. which we spoke of in length two weeks ago, the sum of \$7500, for a period of ten years, to be paid back with interest in equal installments of \$1,019.91, per year.

This by-law is somewhat different than the other by-laws of a like nature which have come before the people in the past, as in this by-law the Company agree to pay the interest on the money loaned to them, thus relieving the municipality of all liability. The other by-laws passed did not carry this proviso, but the town paid the interest on the debentures, all the company receiving the loan paying back was the principal sum.

We have pointed out in these columns before that in order for a town to grow and prosper it must have factories and industries of all kinds and we do not need travel very far abroad to have the fully exemplified to us.

GRIMSBY stands today as one of the most prosperous towns of its size in the Dominion of Canada and this has only come about through the aggressiveness of its citizens in getting out before the war and securing the factories that are now doing business here. We must have the Canadian Stoves Ltd. as a clean factories if we wish to grow.

cut proposition. They will open up their factory in GRIMSBY and employ not less than 25 men 200 days in the year. Now figure out what these men will earn and what they will spend in GRIMSBY every year and you will find that it is a mighty big item.

GRIMSBY has never lost a dollar on its loaning money to industries. We grant you that the "Zryd Co. moved away, but they paid the town back every dollar they owed them before they moved. We lost nothing in cash there.

The Canadian Steel Furniture Co. got a loan from the town and went broke. It was not because their product was not in demand that caused this but a combination of circumstances was the cause. W. B. VanDyke and Sons took over the factory and equipment and assumed the town's mortgage on it and started in to do business. The result is that today this factory is running full blast and shipping goods by the carload. GRIMSBY up-to-date has not lost a dollar on this plant and it does not look like it ever will.

Along came the Metal Craft Co. They received a loan. To-day they are employing a large staff of men and are months behind in their orders. They have never lost the town a dollar and never will.

"The Radiant Electric stands today as one of the finest factories of its kind on the continent. It borrowed money from the town, and while they were at one time back some two or three thousand dollars in their payments, they do not today owe the town of GRIMSBY one dollar and are going ahead doing business."

Go into the Radiant factory today and what will you find? You will see over Fifty employees working and goods going out the doors by the dray loads to all parts of Canada. The Radiant pay-roll is well over forty thousand dollars a month. Take this pay-roll away from the merchants of GRIMSBY and see what a difference it will make.

During the month of September over \$20,000 worth of goods were shipped out of this factory and there are on order to-day over \$100,000 worth of goods.

This company has in three orders alone contracts for 9,000 irons and they all have to be delivered before April 1st. Now 9,000 irons means 18,000 castings. Where are they going to come from? For over a year the Radiant Co. has been at its wits' ends to get castings. We will tell you where they will come from. Right from the foundry of Canadian Stoves Ltd.

The Radiant can't afford to turn down business from the lack of castings. GRIMSBY cannot afford to allow the Radiant to turn down business for the lack of castings, when a VOTE FOR THE BY-LAW will put a foundry right at their door which will supply them with all the castings they need, and the same applies to the other factories in this town.

Where would GRIMSBY have been during the five years of the war if it had not been for her factories? Ask your merchants where we would have been. We would have been up the creek in a canoe without a paddle. We would have been like many another town in this country, on our backs and no relief in sight.

GRIMSBY'S factories "saved the situation" in 1914 and they will save it again.

If the merchants of GRIMSBY did not think that the factories were the backbone of the town, and if every other town why would they all be in support of the present by-law and of every other town why would they all be in support of the present by-law and of all by-laws. Ask them. They know where the money is coming from that pays the baker, the butcher, the candle stick maker, GRIMSBY needs this factory. It needs the money that it will pay out in wages, and so can get both without it costing us one red cent. Don't be a calamity howler and a knocker, be a booster and an optimist and come out on Oct. 16th and VOTE FOR THE BY-LAW AND A GREATER GRIMSBY.

CLINE MAKES AN EX-
PLANATION RE RUMORS

Jordan Station, Oct. 6th.
Editor—I am sending you for publication a copy of a letter I received from Mr. Wilson Cline, the U. F. O. candidate for West Lincoln. Thanking you in advance, I am yours respectfully, William Scull.

Mr. Wm. Scull, President U.F.O. West Lincoln:

Dear Sir:—My attention has been directed to some statements which are said to have been circulated by our opponents calling in question my loyalty to the British cause in the recent war. Of course, I need not point out that this is merely a repetition of the tactics pursued by party politicians for many years. Scarcely an election has passed without one party or the other, and not infrequently both parties making use of this form of personal attack. But the fact that those who have the most intimate knowledge of my views on public questions, are my most loyal supporters, should dispose of these rumors in order that there should be no doubt however among my supporters. I desire to give these statements the most specific denial possible. Neither at the beginning of the war nor at any subsequent time did I ever justify nor believe that any justification whatever was possible for the Germans going to war. At no period of the war did I ever believe that they had any excuse for the policy of frightfulness on land or sea, nor did I ever desire for them any measure of military success, knowing as I did the consequences which must have fallen on the rest of the world. Many of my friends and acquaintances spent months of fighting at the front and I have nothing but respect for their devotion to duty and my only desire is that we who did not share in this work may now perform our public duties as loyally and well. I may add that I am Canadian by birth and have lived all my life in the electoral district of West Lincoln. Both my parents, like myself are life long residents of the same district and while my ancestry is mixed like that of most other Canadians whose family history dates back to the pioneers, I have at least as much British blood as all other races combined.

I am, yours faithfully,
WILSON CLINE.

U. F. O. MEETING IN GRIMSBY

About fifty residents and supporters of the United Farmers' movement from South GRIMSBY, North GRIMSBY and GRIMSBY attended the meeting of Wilson Cline, U. F. O. candidate, in Moore's Theatre on Thursday night last. Several speakers were in the programme and enlightened the audience as to the aims and objects of the United Farmers and the Independent Labor Party.

FOOLISH BOYS FURT WITH DEATH

A week ago Sunday a gang of young boys rambling around on the mountain side took an awful chance on their lives. In fact they were flirting with death and didn't know it. They came along the road by Deamer's Falls on the Ridge Road and there spied the heavy tool box of the county road construction gang. The box was full of picks, shovels, crow-bars and other tools. The gang of course being in a mischievous mood couldn't leave the box alone but proceeded to turn it upside down and roll it over a few times, not knowing that in the box along with the tools were several hundred pounds of dynamite and a few dozen caps. Why the "caps" did not explode from the banging around they got a good mystery. Supt. Durham. Had the "caps" exploded there would have been several funerals on the Mountain long ere this. It is about time the young boys of this district were taught to leave things that don't belong to them alone.

ANOTHER GRIMSBY BOY MAKING GOOD

We have often stated in these columns that GRIMSBY boys all "Make Good" and they do. There has never been a GRIMSBY boy prove a failure yet when he stepped into the business life and financial circles of the outside world. Mr. Charles Farrell, eldest son of Mr. and Mrs. H. H. Farrell, is the latest GRIMSBYITE to reach the top of the ladder of success. "Dad" as he is familiarly known by his home friends in this district was in town over the week-end on his way from Sarnia, Ont., to Dundalk where he has been appointed Manager of the Union Bank in that place. "Dad" joined the Union Bank staff in GRIMSBY and was removed from here to the head office in Toronto. His rise upward has been a steady one and he has served as accountant and acting-manager in a number of the bank's branches up to the present time. Congratulations of your success Charles and may you continue to advance in your chosen profession.

POOR STEVE IS TOUCHED AGAIN

GRIMSBY has a new kind of a thief. This new brand is of the philanthropic breed. He robs you and then leaves a note behind giving you some good advice and notifying you that you have been robbed, thus saving you a lot of time in discovering it. This new marauder turned up at Steve McCoy's on Thursday night last making the second touch that Steve has received in the last two weeks and putting him in the "Much Robbed" class along with Louis Lazarus Goldard. While Steve and his assistants were busy at the front end of his "Feedy Food Factory" about eight o'clock in the evening a slick thief stole in the back door which was unlocked and purloined about \$5.00 worth of eatables from Steve's refrigerator. The culprit made no noise and was not heard by anyone. When Steve entered his kitchen some time later to prepare an order he found the following note scrawled on a piece of paper, hanging on the handle of a frying pan: "Better lock your door, I just stole \$5.00." Steve now has fourteen padlocks and twenty-two bolts on the back door of the shop, but he like all the rest of our merchants "Locked the stable door after the horse was stolen."

IMPROVEMENTS AT THE PUMP HOUSE

There have been great improvements made at the lake the past year in connection with the waterworks filtering basin and pump-house.

Early in the spring the water served up to the consumers was very roiley and dirty, sometimes being a very dark brown in color. This was caused by the extreme high water in the lake which was away up over the top of the cement pier which carries the intake pipe out into the lake. The shut-off valve that controlled the intake pipe was set out on the pier some considerable distance and when the high water came it was impossible to get at this valve to shut it off or open it. As soon as the water receded sufficiently Supt. Randall had this valve moved in towards the shoreline and placed in a solid cement box, so that it now can be got at at any time regardless of the height of the lake level. The opening and shutting of this valve controls the water coming through the intake pipe before it passes through the charcoal tanks for purification.

Previous to this year when it became necessary to clean the large filtering basin, the town water supply was placed in a precarious position on account of the fact that there was only one pipe line from the charcoal tanks into the pumps. This line ran into the filtering basin and consequently when the basin was shut off the town had to depend on the reservoir for water.

Supt. Randall has had an emergency line constructed from the pumps to the charcoal tanks. This line is controlled by a valve in the pump house. When the basin has to be cleaned or they can then open the other line and pump direct out of the charcoal tanks without interfering with the cleaning of the big basin.

The high water this year caused a lot of the earth behind the cement retaining wall to be washed away but this will be filled in and next season will find a nice lawn with flower beds and bushes laid out between the pump house and the lake.

At the time the new filtering basin and chlorine tanks were constructed, a small pipe line working on the suction system was installed for the purpose of cleaning the basin. It was found that this system was too slow and arduous a way of cleaning. The tank so Randall cut a hole in the roof and ran in an endless screw carrier, which goes right down into the ground beneath the basin. A tower has been built over the top of the bucket carrier on the roof. Previously it took five men three days to clean the basin and now the work can be done by two men in less than half a day. The water is carried out by the buckets and dumped into a drain which carries it back into the lake. It is operated by a belt and shafting running from a pulley built on the side of the big drive wheel of the little water pump, so that it really costs the town nothing to operate. While the little pump is driving the bucket carrier it is also pumping water up through the system.

The two new double unit centrifugal pumps are working away every day in the pump house and Engineer Shannon says he never has the least bit of trouble with them.

The pump house as it stands today is in excellent shape as is the basin, charcoal tanks and everything else that is connected with the lake end of the waterworks system. Engineer Shannon has everything in his department working like a clock and as clean as a woman's kitchen.

The head superintendent of the Smart-Turner Co., of Hamilton, who make a specialty of waterworks pumps and pump house fittings, says that the GRIMSBY pump house is the best equipped pump house and the best handled pump house in Ontario for the size of the town which speaks well for the men at the head of affairs.

THE RAZZ-A-MA-TAZZ FROM THE
LAND OF JAZZ

With the closing last Saturday night of the Beach Dance Hall the young folks of this district began to wonder when they were going to hear again some more of that real old "Razz-a-ma-tazz" from the old land of Jazz as only those two synopocating artists from Jazzland, Messrs. Lewis and Johnson could serve it up.

Well kids you won't have to wait long for those famous foot-tappers have been engaged by the G. B. Jolly Club to play at their dance at Winona Hall every Saturday night all through the winter.

Those "Rag-time Babies" will cut

her loose for the winter season, on this coming Saturday night and all lovers of the light fantastic toe are cordially invited to attend

Supt. Randall Proves
Watercock Photos
Exhibited Not the
One He Hit

His Lordship, Chief Justice Sir Glenholme Falconbridge gave judgment in the Supreme Court Friday in favor of the Village of GRIMSBY in the action brought by Clifford D. Bowbeer against the Corporation for physical damages, due. It was claimed to a water cock which projected in the road way.

When the case opened on Wednesday Bowbeer swore that he was thrown off the dray he was driving when the front wheels of the vehicle struck the projecting water cock. He produced two pictures showing that the water cock stuck up out of the ground six inches or more. The hearing was then adjourned until Friday.

On Friday Supt. Randall and Reeve Farrell proved conclusively that the watercock that Bowbeer's dray was supposed to have hit was the watercock that shut off the large moment light lock main, which sets out in a road and is and always has been covered with earth. They proved the pictures that he exhibited were pictures of small private service water cocks. One of them being in front of the residence of Arthur Surland. This projection does sit up out of the ground six or eight inches but is inside the curb on the boulevard, right opposite the one which he struck. Fancies

Fairborn
arch, add on the street, and
the meetings.

And these are the men who would deny a workingman or a decent business man, the privilege of buying five-cent glass of beer if he desired to do so.

The tyranny of Kaiserism in Germany has come to an end—and the tyranny of Kaiserism of the Methodist church will, in due time, come to an end—when the common people realize that the big bug in the Methodist Church are drinking their booze, secretly, while the ordinary individual cannot buy even a five-cent glass of beer.

The course of some of the churches, during the past few years has been to drive men of individual mind away from the place of worship—day by day the attendance of men at this class of church is becoming less and less and in due time the attendance of men at these churches will be entirely nil while the attendance of women will be on the purpose of seeing what is the latest fashions in millinery and dress goods.

No church can have, within itself, a element of true Christianity while it is playing a double game—and all over this province there are thousands upon thousands of cases where a leading men in the Methodist church and in other churches, are secretly supporters of prohibition—while they are secretly supporting liquor traffic by carrying a stock of liquor in their cellars.

If the records of the railway companies and the express companies are published in print and posted

the walls of this province, it is astounding fact would be revealed to the people that ninety per cent. of them would go to the polls at the Twentieth of October and vote to repeal the Ontario Temperance Act.

Modern Practical Thorough

The courses at this school have been arranged to meet the needs of MODERN business. That is why this school cannot fill half the calls it receives for trained office assistants.

They are PRACTICAL and THOROUGH. A graduate of this school secures a diploma of the Business Educators' Association of Canada—not of any individual school. This means a degree of efficiency which is of the highest order—a passport into the best business offices of your city.

the enormous quantities of whiskey and other intoxicating liquors that have been delivered to members in the city of Toronto since June of 1916 was published, twenty-five per cent. of citizens of Toronto would go to the polls on the Twentieth of October and vote to repeal the Ontario Temperance Act.

There were church members in the city of Toronto who have had whiskey of other liquors, to the value of thousands of dollars, stored in their cellars since June of 1916—and yet ordinary, decent, respectable, law-abiding and liberty loving citizens have been forced to go without even a drink of beer or ale for three years and the whiskey sucking church members would go to the polls and confirm the law that would forbid this liberty loving and law-abiding people from ever again buying another five-cent glass of beer.

And during all this time—while these wealthy church members were grilling their wine and beer and whiskey and while the ordinary decent citizen was going without as his time we find the old soaks—the men for whose benefit the law was passed—wallowing in it.

We find these old soaks being arrested daily for carrying bottles of whiskey in their pockets—we find them being fined daily for being

cases ended in death! So a recent Canadian investigation showed. These were not cases of infectious diseases—of consumption—of typhoid! They were cases where a person had sustained some slight injury—a cut, a burn, a wire-prick—and where the wound, being thought not serious enough for careful treatment, had been neglected. Blood-poisoning and death resulted.

When you or your children sustain any injury, ensure against infection by applying Zam-Buk. This balm soothes the pain, stops bleeding, and by destroying all germs prevents blood-poisoning, etc. Hence no time need be lost from work or pleasure by those who use Zam-Buk. All dealers, 50c. box.

Zam-Buk

drunk—and we find the police capturing and confiscating hundreds and even thousands of bottles of whiskey every day in our cities and towns.

And we find that the police are discovering illegal whiskey stills in every part of the country.

To summarize the whole thing, we may say—The Ontario Temperance Act has given the old soaks all the whiskey they wanted—and has given the foreigners and owners of blind pigs all the whiskey they wanted, in all many of them have become rich dealing in it.

It has given the church members all the whiskey they wanted. But—the common, ordinary, every day, decent citizen who is neither a guzzler or a hypocrite, is compelled to go without even the luxury or pleasure of a five-cent glass of beer?

And the man on his sick-bed has got to pay from six to eight times what the liquor is worth in order to obtain it, and often travel long distances to purchase one bottle of much needed whiskey.

Talk of profiteering—There has been no more flagrant case of profiteering than the government has allowed to be carried on in liquor transactions under the Ontario Temperance Act.

A man who requires liquor for medicinal purposes, instead of being able to buy a bottle at its true value, has been forced to pay, in doctor's fees, railway fares and extortionate cost of liquor, seven to eight times what the liquor is actually worth, so that the common people have been made the victims of a gigantic money-making scheme in order that the Kaiserism of the church might be carried on—and in order that hypocritical temperance people might be bribed to vote for the government.

One great plea that the prohibition hypocrites make to get votes, is "The Boy"—They are always harping on "The Boy and the Bar."

This plea in seventy-five cases out of every hundred, is a pure fake;—as the people who are making the plea are not concerned in the slightest degree about "The Boy."

When Lero was licensee in GRIMSBY and all over Ontario, these same people who are now shouting about "The Boy," were utterly careless about "The Boy's" welfare and paid no attention to where he went or what he did and they are just as careless to-day.

I have heard mothers make wonderful appeals for "The Boy"—and so little did they actually care about "The Boy," that he could be

playing marbles in front of the hotel, from sundown until all hours of the night and the mother pay not the slightest bit of attention as to where he was or what he was doing.

And these same mothers who are howling now about "Protecting the Boy," are allowing their boys and even their girls, to run the streets until all hours of the night—in all sorts of company—without giving them the slightest thought or attention.

"The Boy and the Bar," is another trumped up cry by the prohibitionist hypocrites, to carry their point and flaunt their virtues before the world—and get a little bit of cheap advertising for themselves when they are not in the least in earnest in the matter and are backing it purely as a self advertising scheme.

FROM CHERRY-BLOSSOM LAND

The Japanese Give Good Example

It is a proverb of Cherry Blossom Land that a beauty of face and figure depend on womanly health.

What is it that makes our Canadian women often pale, with dark circles under the eyes, and very often old at forty-five when they should be in their prime?

After long experience in the treatment of women's diseases, Dr. Pierce evolved a vegetable tonic and corrective which he called Dr. Pierce's Favorite Prescription. This is a purely vegetable preparation, without a particle of alcohol contained in it.

When a woman complains of backache, dizziness or pain—when everything looks black before her eyes—a dragging feeling, with nervousness, she should turn to this "temperance" herbal tonic. It can be obtained in almost every drug store in the land and the ingredients are printed in plain English on the wrapper. Put up in tablets or liquid. Dr. Pierce, of Invalids' Hotel, Buffalo, N. Y., will send a trial size of the tablets for ten cents.

"I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches, and did not sleep well at night. I lost so much weight—going from 185 pounds to 140 pounds—that I became alarmed and saw several doctors who, however, did me no good. Finally, a friend told me to try 'Fruit-a-tives'."

In a week, there was improvement. The constipation was corrected; and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous."

MAKING DESSERTS THAT ARE EASY

Whips are an easily made dessert that can be varied so that they never become monotonous.

White of egg is the foundation of all whips. They can be made with or without gelatine. If you have time, use the gelatine, especially if eggs are expensive or scarce. If you are in a hurry, simply use the egg white.

To make the thickest whip, beat the egg whites stiff and sweeten them with powdered sugar—from two teaspoons to a tablespoon. Then add the flavoring, heap a long-stemmed glass or any sort of sherbet cups and serve.

Flavoring—Prune whip is delicious. To make it, press about a dozen plump cooked prunes, through a wire sieve. Beat the whites of two eggs stiff, and sweeten with powdered sugar. Flavor with a tablespoon of sherry and add the prune whip. Chill on the ice and serve.

To make orange whip, dice sweet oranges. Whip the egg whites and sweeten them to taste and add as much of the finely dried oranges and juice as they will take. Pile the whip in glasses and pour the rest of the juice, slightly sweetened, around it. Serve cold.

With cake—if you have any, stale or fresh plain cake—sponge, pound, lady fingers or patty cakes—cut it in neat dice or strips and put a little in the bottom of each glass. Then whip the egg whites, flavor them with sherry and sugar, and pile on top of the cake. Garnish with a few chopped pecans.

With gelatine—To make plain whips with gelatine soak two tablespoons of gelatine in half a cup of cold water. Then add a cup of boiling water, half a cup of granulated sugar, a tablespoon of vanilla and five tablespoons of sherry. Cool and when it begins to stiffen add the unbeaten whites of two or three eggs. Beat it until it becomes frothy, pile in glasses, chill and serve.

Cherries may be used instead of sherry. Substitute maraschino cherries for sherry and vanilla, and scatter chopped cherries in the whip.

Chocolate whip can be made by melting an ounce of unsweetened chocolate with half a cup of sugar and enough water to make a syrup. When it has grown cool add it slowly and carefully to four egg whites, beaten stiff.

Caramel—Caramel is one of the delicious dessert flavors that are easy to prepare, regardless of the season. For this reason caramel desserts are standbys winter and summer alike. A caramel cake can be as easily made when the markets are empty as when they are full. Here is a recipe for caramel cake: Mix two cups of granulated sugar with half a cup of butter until they are creamy. Sift three cups of flour with three teaspoons of baking powder and add this, alternately with a cup of vanilla and add the stiffly beaten whites of four eggs. Bake the batter in layers and fill with caramel filling, made in this way: Mix two cups of brown sugar with a cup of cream and add a teaspoon of butter. Cook for three-quarters of an hour. When it is partly cool add two teaspoons of vanilla.

French Rice Pudding—The conventional French rice pudding is baked in a buttered mould; add a firm and substantial. To make it, cook four ounces of rice in a quart of milk. Add two tablespoons of sugar and the rind of a lemon while cooking. Cool the rice and add egg yolks—six of them, according to the French receipt—well beaten. Then add the stiffly beaten whites of the six eggs and some nutmeg. Two tablespoons of raisins and chopped citron improve the pudding. Pour the mixture into a pudding mould, buttered and spread with the bread crumbs. Bake it an hour and serve it turned from the mould either hot or cold with custard sauce flavored with cherry.

Banana Charlotte is made of custard bananas, macaroons and lady fingers. To make it, slice bananas and sprinkle them with sugar, put them in alternate layers with split lady fingers and crumbed macaroons in a glass dish. When the dish is full of cake and fruit cover them with a boiled custard made with the yolks of eggs and flavored with wine. Make a meringue of the whites, brown it on top of the charlotte and serve cold.

For Dessert—Make a smooth custard and add chestnuts that have been boiled very tender and pressed through a sieve. Add a little lemon juice and a bit of the grated rind. Mix this with the custard, fill dessert glasses more than half full with this and garnish with a little whipped cream.

EMBROIDERING HANDKERCHIEFS

A woman who prides herself on her beautifully embroidered handkerchiefs has solved the difficulty of fastening the handkerchief in the embroidery hoop so that the corner may be easily worked. She fastens the corners of four handkerchiefs together, making one piece, which, when put in the hoop, brings the corners into the centre of the open space convenient for working. The same method may be followed when embroidering napkins.

The attendance at the lecture by Mr. J. Walter McRae, on "Canada and the Empire", in Moore's Theatre on Friday evening of last week was very slim—owing to an unexplainable lassitude of the local Vets to "talk up" and sell tickets for their own attractions.

The Garratt Concert Company which comes to Moore's Theatre on Thursday evening, October 16, is without a doubt one of the most entertaining and clever aggregations of artistic talent that has ever appeared in this District—and the ticket sale for this attraction should be unprecedented in the history of the Branch. Talk it up and sell the tickets for your own benefit.

Our Dance is on Friday evening, October tenth—This Friday night—and we look for a big turnout of splendid music and dances for old and young. Admission, Fifty Cents; ladies retrograde.

The Garratt Concert Company

This splendid coterie of artists will grace the boards of Moore's Theatre on Thursday evening, October 16, 1919, under the auspices of the local Branch of the War Veterans' Association; and a short resume of the personnel and their lines of entertainment will not be out of place. For the information of the public:

Miss Martha E. Young, soprano, will render both comic and dramatic readings of an excellent character.

Mr. James Stur, vocalist, will sing the latest song hits of New York, which have not before been heard in this District.

Mr. Elmer Berry, Blackface Comedian, will give his imitable monologue interspersed by "rag" hits of the latest calibre; parodies and "end-man" stuff that will please any audience.

Miss Clowes, Violinist, will give a

classical and "old favorites" program of more than ordinary merit. Miss Mary Eckstein, Pianist, a six teen year old wonder; who has been associated with the Eckstein Trio on Victor Records that have made a hit whenever put on sale.

Mr. A. C. Garratt, Pianist, will make the piano get up and walk around—his repertoire including some original compositions and parodies, combinations, etc., that are headliners.

DON'T FAIL TO GET YOUR TICKET

According to an order-in-council issued under date of September 1, 1919, demobilization of the Canadian expeditionary forces, in so far as war service gratuity is concerned is declared to be completed on October 1, 1919, and no service performed after that date shall be taken into consideration for the purpose of gratuity.

This means that a soldier claiming war service gratuity for three, two or one year's service, as the case may be, cannot count service after the first instant in the period for which gratuity is claimed.

YOUR dues for the current quarter are now due—prompt payment is desirable and helpful to the health of the Branch.

A special extra attraction in the program of the Garratt Concert Company, which appears in Moore's Theatre on Thursday evening, October 16, 1919, under the auspices of the G. W. V. A. will be a piano-duet by Mr. Garratt and Mr. Craven of Winona. A "Pentameter" baby grand concert piano will be used in all the selections.

Put your shoulder to the wheel—Nobody will help you if you don't help the to.

Has Done Good Work Ontario Temperance Act A Great Benefit to Province

THE Ontario Temperance Act has reduced crime by over one-third and drunkenness in public has practically disappeared.

Alcoholic insanity has disappeared.

Gold cures and alcoholic institutes for treating alcoholism have been closed for lack of patients.

Ontario has been saved an annual drink bill of \$36,000,000, enough to pay our share of interest on the War Debt.

Many victims of alcohol three years ago, thank to-day for the Ontario Temperance Act.

To repeal the Ontario Temperance Act would be a calamity. The amendments would make it practically worthless. To every question on the Referendum vote NO.

Our highly respected townsman Mr. Edward Mibell suffered a severe accident on Wednesday last that has confined him to his bed ever since. He was spending the day on Mr. Mitchell's farm and about noon went down into Hunter's bush to gather some nuts. He did not return to the house and at three o'clock had not yet returned. A search was made for him and he was found lying at the foot of a stone pile in a semi-conscious condition. It is presumed that while getting over the fence he fell and struck his head on the stones. He is still in a very precarious condition.

The regular monthly meeting of the Women's Institute will be held in the Oddfellow's Hall on Wednesday Oct. 15th at 3 o'clock. The ladies of Grimsby and District are cordially invited to this meeting.

The Lincoln County Teachers Annual Convention will be held in St. Catharines on Thursday and Friday, so that with Monday being a holiday the pupils will be off study for three days.

On another page of this paper will be found a large advertisement giving the dates and places of the meetings of Mr. Thos. Marshall for the next ten days. Look the advertisement up and attend any or all of the meetings that are in your neighborhood.

ATTENTION — Women of Grimsby — A meeting will be held in the Council Chambers on Thursday evening October 8th at 8 o'clock for all women over twenty-one (21) years. A show ballot will be taken and good programme given. Come and learn how to vote. Remember the date.

All GRIMSBY men who are moulders and are now working out of town are asked to communicate with Mr. J. W. Jameson of the Canadian Stoves Limited immediately. There is plenty of work at the new foundry for GRIMSBY men at good wages and union hours.

The meeting in Moore's Theatre on Tuesday night in the interests of Thos. Marshall, M.P.P., was well attended by the electors of the town and they heard some mighty fine speaking from Mrs. Carpenter and Mr. Roebuck. Mr. Marshall also spoke. Major H. L. Roberts acted as chairman.

Work is going ahead rapidly at the Moulding Shop of the Canadian Stoves, Limited, and it is expected that a heat will be taken off this week. The Stove Co. in order to help the Radiant Electric out of its dilemma over castings for irons have opened this part of the plant up before the by-law is voted on.

The Grimsby Horticultural Society are giving to each member a choice of seeds. They are now at the office of the Secretary. There are three varieties—the Duchess De Nemours (white), M. Leonie Calot (pink) and Berlot (red). The members are requested to call and get their bulb. Those who call early will have their choice of variety.

Suits, suits and overcoats. If you desire to look well, and to get value for your money, let us fit you up with a Bachelor or a Hobberlin suit or overcoat. How about a light weight overcoat? This is an article of dress that no one should be without. Spring and fall are when you go about the most; the air is cool and you don't want to look half dressed but feel out of place with a winter coat on. Buy one of our Oxford greys at \$25.00. K. M. Stephen.

The re-union of the Canadian Mounted Rifles men which was to have been held in the Royal Connaught Hotel, Hamilton on Friday evening October 17th, has been postponed until Friday evening October 24th. This was made necessary on account of the fact that H.R.L. the Prince of Wales is being tendered a dinner in the Connaught on the evening of the 17th. All Mounted Rifles men in this district are asked to communicate with either Major Patterson, Smithville, Lieut. Groves, Burnsville or Lieut. Burland, GRIMSBY.

GRIMSBY EAST.

Mr. and Mrs. Robert King of Pasadena, California, are spending a few days with their relatives, Mr. and Mrs. A. Greenwood of Grimsby East.

Mr. A. Asquith of Grimsby East, who has been serving the public acceptably as grocer for some 5 years, is now leaving the place, the store having been sold to Mr. Ayers, and Mr. Asquith turned over the stock to Mr. Ayers & Son on the 1st of Sept. and has put in over a month with them initiating them into the business he is now leaving.

Mr. Hall, who came here a few months ago from Guelph and bought the little fruit farm adjoining the T. Jarvis place, at the H. C. & B. spur, has sold his farm to Jordan's and is in possession of the place about Feb. next.

Twenty-four years ago today, Mr. A. Greenwood and family came down from Hamilton and took possession of his purchase of 29 acres of grain farm which he intended to convert into fruit raising and when he had put in 20 acres of choice fruits he sold out and retired on his small place on Park Avenue.

IN MEMORIAM.

In ever loving memory of our dear boy, Maurice Sharp, who was killed on Regina Trench, Somme, Oct. 8th, 1914, just three years ago today.

When last we saw his smiling face he looked so strong and brave. We little thought how soon he would be laid in a soldier's grave.

Not now but in the coming years it may be in the Better Land. We'll read the meaning of our tears. And then some time we'll understand. From Father, Mother, Brother and Sisters.

COWELL—In loving memory of our Mother, who departed this life October 8th, 1918.

We cannot clasp your hand dear Mother, Your face we cannot see. But let this little token show We still remember thee.

She sleeps but not forever. There will be a glorious dawn. We shall meet to part no more. On the Resurrection Morn.

—Sadly missed by her daughter Mary.

SOME JUGGLER OF CARS

As an automobile salesman Frank E. Russ of the GRIMSBY Garage is in a class by himself. Last Thursday he sold a new Studebaker Four to Mrs. Boise Nelles. On Saturday he took the car back and sold the lady a "Six" in its place then he turned around fifteen minutes afterwards and sold the "Four" to Mr. W. Crouch, taking in on the deal a new Ford Sedan.

In the afternoon he went to Hamilton in the Sedan to bring back another Studebaker Six, but instead came home on the street car. He couldn't get another "Stude" till this week but met a man on the street up there and sold him the Ford.

In between his rush on Saturday he also found time to sell a new Fordson tractor to Mr. A. Wynn, of North GRIMSBY.

GAINED DECISION

An order was made by the appellate division directing that W. M. McClelland should share, under the "creditors' relief act, in the distribution of the monies in the hands of the sheriff of Lincoln, re Crain, of Beamsville. Mr. McClelland had been counsel for Crain for some time during a period over which much litigation was involved and a bill of costs amounting to \$1,500 had been taxed by the courts as between collector and client. Mr. McClelland claimed to be entitled to share with the other creditors of the Crain estate, which is now in the hands of the sheriff of Lincoln. His claim was contested by the liquidator, who appealed from the judgment of the county court of Lincoln, which also favored Mr. McClelland.

LETTER OF THANKS.

71 King St. West, Toronto

October 4th, 1919.

Miss G. C. Counsell, Grimsby, Ont., Dear Miss Counsell—Please thank the members of the Grimsby Hospital Supplies Club most warmly for the Knitting Machine, which has arrived safely. We are most grateful for it and will have it put in use almost immediately.

Will you say to all the members that supplies are badly needed in all the hospitals between London and Ottawa. Perhaps some one may have something on hand to help us at this time. Wash Cloths, P. P. Bags, Gauze Handkerchiefs, Bed pan covers, Hot Water Bottle covers, Pneumonia Jackets, Towels, Sheets, Pillow Cases, anything of the kind that he been so regularly sent overseas for the men in the hospitals is very badly needed now.

With kind messages and so many thanks, believe me, sincerely yours, Gertrude Van Koughnet, Hon. Supt. (Mrs. Arthur Van Koughnet)

BEAMSVILLE NEWS.

There was very little business for the council to transact at its regular meeting last night except the passing of accounts which totalled \$2,892.32, of which the board of education requisition amounted to \$2,285. The amount of \$60, the fee to the Ontario Hydro radial association, was ordered forwarded. The same were received for the moving of the fire apparatus house nearer the town hall, and the mayor was left for the superintendent of works to carry out. Constable Konkle was of the opinion that the lack of interest in securing recruits for the band was having a detrimental effect on the organization and asked for more cooperation along these lines.

At the monthly meeting of the board of education on Friday night the report of the superintendent of schools was put back to 1 o'clock and of 1:30, at the high school only. Repeated requests for the change are only made after careful investigation of the situation as it affects the township pupils. Principal Fox was requested to furnish the necessary office with a weekly list of absentees, specifying those staying away without just reasons. \$1.50 was paid and accounts totalling \$2,750 were gone through and ordered paid.

Obituary

JOHN HINFIELD BRANT

Citizens of Smithville and district were pained to learn on Sunday morning, September 28th the sad intelligence that Mr. John H. Brant had passed away somewhat suddenly from a complication of ailments, the prime factor of which was a weakened heart following a severe chill received while in Dunnville on the previous Monday he and his son John, having spent the day fishing at that point. He will be sadly missed by a host of friends throughout the Niagara Peninsula.

John Hinfield Brant was born in the house in which he died in the year 1855 and had been an almost continuous resident of the village during all the sixty-four years of his life, with the exception of two years spent on a farm with his sister near the town of Dunnville. For sometime he was engaged in the tinamithing business with William Morgan, but the greater portion of his life was spent as postmaster of the village of Smithville, in which position he held office for thirty-five consecutive years.

When twenty-one years of age he took an extended trip throughout Europe, visiting with every country with the exception of Russia. He was accompanied on this splendid trip by William Foster, a celebrated artist, of Toronto. They engaged in a 200-mile tramp through the Alps and visited Italy, France, Belgium and all countries worthy of note and it was his delight to entertain his numerous friends by stories of his travels.

On September 8th, 1880, he was united in marriage to Miss Matilda Ann Fullerton, of Toronto, who predeceased him February 25th, 1888. On December 4th, 1888, he was united in marriage to Miss Ada Vic Kennedy, daughter of the late Sgt. Kennedy, his second wife predeceasing him April 15th, 1912. By his first marriage he is survived by three sons and one daughter, Mrs. D. Roxburgh, of Edmonton, Alta., and G. G. Brant, Smithville; G. W. Brant, Niagara Falls; and Wesley B. of Cypress River, Man. By his second marriage he is survived by one son and one daughter, Mrs. J. Copeland of Toronto and John Kennedy Brant, at home, recently returned from four years' active service overseas. Kenneth Bruce, another son, died in infancy. Deceased is also survived by one sister, Mrs. M. Bridgman, of South Vancouver, B. C.

The late J. H. Brant was a man who loved travel and had visited all

Comradeship

Admiral Sir David Beatty

ADMIRAL Sir David Beatty, when speaking at Leicester a few days ago, said:—

"We have been through four and a half years of a great struggle. We have all learned something—the true value of comradeship. Comradeship has enabled us to win the war."

Realizing the significance and truth of this statement the Citizens' Liberty League appeals to the people of this Province to develop the spirit of comradeship, mutual forbearance, toleration and sympathy. Let us be fair-minded, less rigid, more reasonable, and more willing to give and take.

Samuel Gompers

The workmen of Ontario appeal for better beer—non-intoxicating beer—beer containing 2.51% alcohol by weight—THE BEER OF THE BALLOT.

Samuel Gompers, the world's greatest labor leader, stated the workman's position clearly when he said:

"The normal men, the men of Labor who work eight hours a day and no more, the workmen who earn decent pay, the workmen who have comparatively comfortable homes, they do not want the artificial spirit. The man of normal spirit finds comfort in pleasant surroundings; he does not need, and, as a rule, does not partake of intoxicating drinks; he shuns the effects of intoxicants. What we now ask is that the men of Labor, the masses of our people, shall have the opportunity to drink a glass of beer of not more than 2 1/2% by weight of alcohol in that

beer, and I am told you cannot drink enough of that character of beer to get drunk even if you tried."

Scientific tests, practical experiments and thorough research prove that beer of even greater strength than 2.51% of alcohol by weight, is absolutely non-intoxicating. (The results of these tests have been filed with the United States Circuit Court of Appeals).

As no harmful results can possibly come from drinking beer of this quality—is there any fair or logical reason why the working men should not have the more palatable beer for which they are asking—THE BEER OF THE BALLOT?

Support the working men and the Citizens' Liberty League in the endeavor to obtain a fair, just and reasonable compromise on the present too drastic prohibitory legislation.

Vote "YES" to all Four Questions

Mark your ballot with an X. Any other markings will spoil it. Remember also—every voter must vote on every question or his ballot will be spoiled.

Farmers Buy Ford Trucks Because

they save labor, save time, save money.

The Ford Truck is the most general-purpose implement on the farm.

The farmer can get his breakfast at home, take his produce to market, and be home again for dinner.

He can command the highest prices for his vegetables and fruit because he gets them to market while the dew is still on them.

He can take his hogs, sheep and other stock to market, as well as haul roots, potatoes and apples from the field.

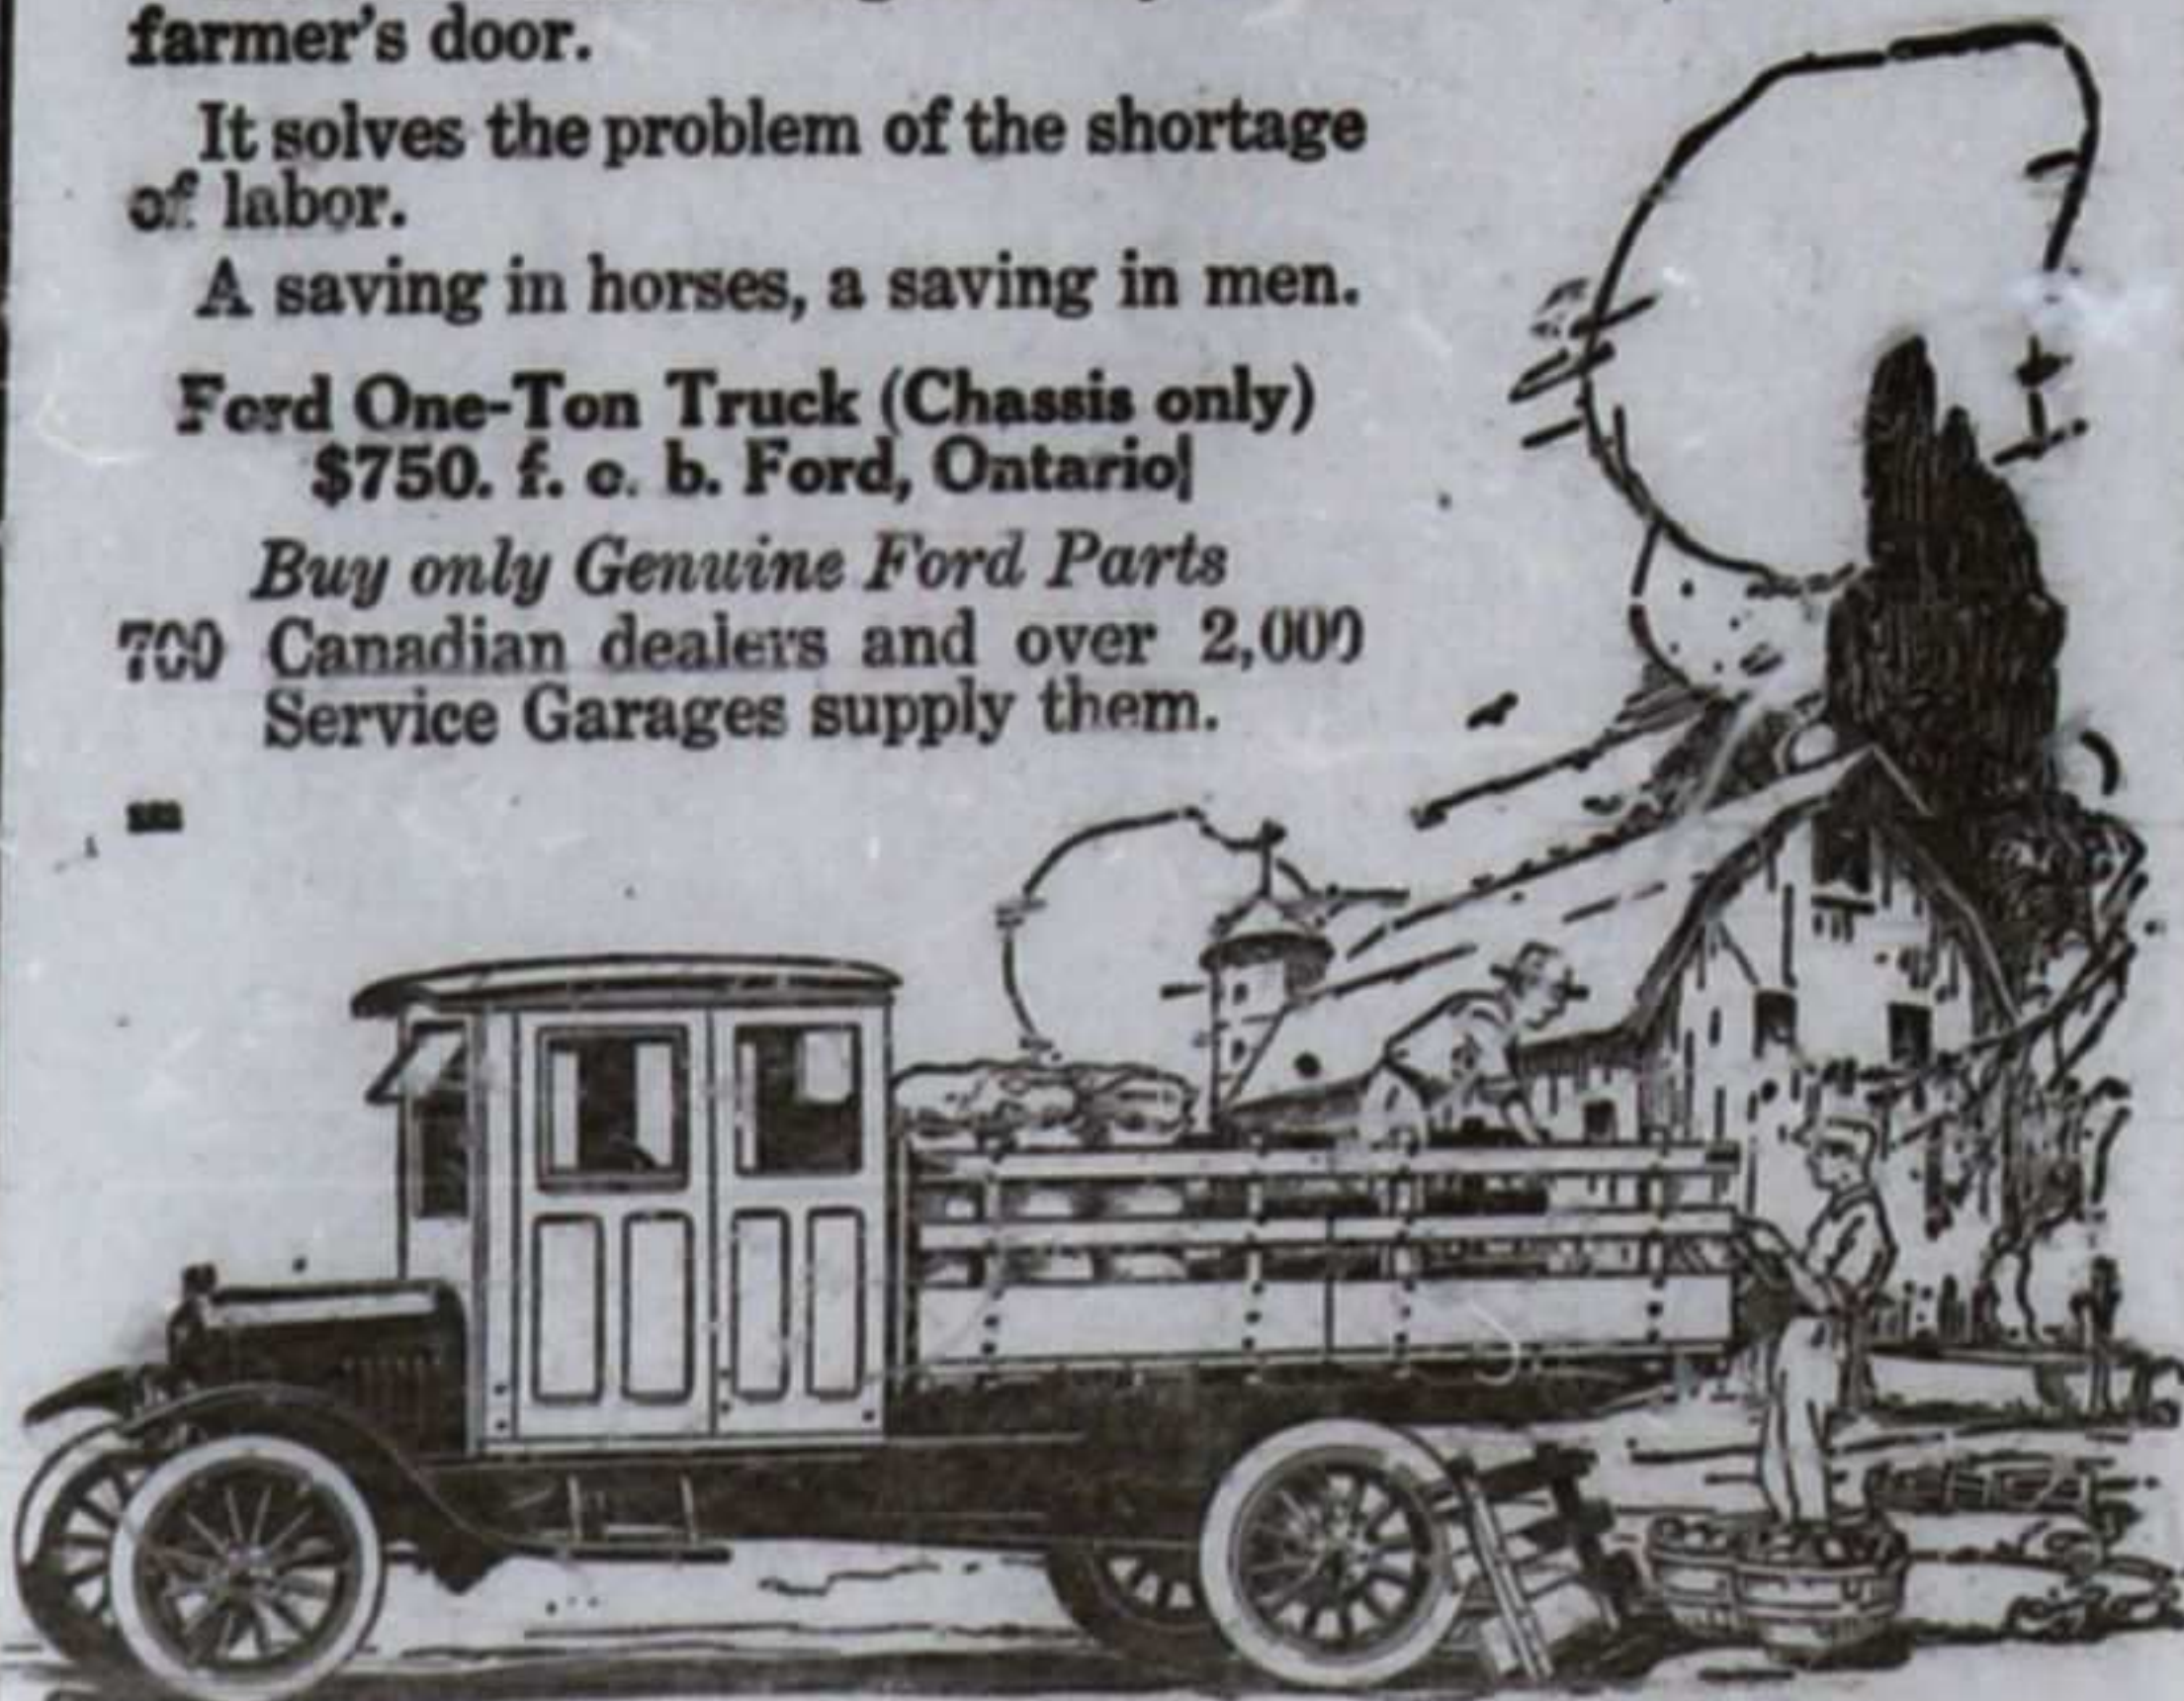

The Ford Truck brings the city to the farmer's door.

It solves the problem of the shortage of labor.

A saving in horses, a saving in men.

the shores of England with the exception of two, and he was passionately fond of reading, being well informed on most any subject and the public questions of the day. For many years he was Secretary-Treasurer of the local High School Board, and at the time of his death he was treasurer of the Township. In matters of law he was practically well versed and his advice and sound judgment was much sought after by the people of the district. He was a notary public, conveyancer and commissioner, and did an extensive amount of writing, the drawing of wills, mortgages, deeds and paid special attention to Surrogate Court work. In politics he was a staunch Conservative. He was a man of generous impulses, kind and genial to all, and much beloved by a very wide circle of friends. He had filled the various relations of life, as son, husband, father, brother and friend, and filled them well. Who can do more?

He was a member of the Masonic Order, of the original lodge in Smithville, and of the Independent Order of Foresters at the time of his demise.

The funeral was held on Wednesday morning at 10 o'clock, with interment in St. Luke's church cemetery, the Rev. John Radford officiating. The pallbearers were his three sons, G. G., G. W., and J. K. Brant, his son-in-law, Jas. Copeland and the Messrs. R. and E. W. Murgatroyd, cousins of deceased.—Smithville Review.

ABINGDON FAIR HAS BIG CROWDS

The annual fair of the Abingdon Agricultural Society was held on the fair grounds Abingdon, on Saturday last and was far the best fair held by this enterprising society in years.

The crowd present beat all previous records by many hundreds, while the exhibits in every class were the best ever seen at this show both in quality and quantity.

As usual the horse races were the main attraction and this year were raced over the new half mile track just built the past season. It was a gala day for GRIMSBY horsemen they taking two of the three races on the card.

The results were as follows:

THE ABYSSAL BRUTE.

(Continued from last week.)
 "I don't understand all the glacial details."
 "I haven't worked them out yet. You might help me. In the first place I'm going to double cross Stubener and the betting syndicate. It will be part of the joke. I am going to put Cannam out in the first round. For the first time I shall be really angry when I fight. Poor Tom Cannam, who's as crooked as the rest, will be the chief sacrifice."
 "You see, I intend to make a speech in the ring. It's unusual, but it will be a success, for I am going to tell the audience all the inside workings of the game. It's a good game, too, but they're running it on business principles, and that's what spoils it. But there, I'm giving the speech to you instead of at the ring."
 "I wish I could be there to hear," said she.
 He looked at her and debated. "I'd like to have you. But it's sure to be a rough time. There is no telling what may happen when I start my program. But I'll come straight to you as soon as it's over. And it will be the last appearance of young Glendon in the ring—in any ring."
 "But, dear, you've never made a speech in your life," she objected. "You might fail."
 He shook his head positively. "I'm Irish," he announced, "and what Irishman was there who couldn't speak?"
 He paused to laugh merrily. "Stubener thinks I'm crazy. Says a man can't train on matrimony. A lot he knows about matrimony, or me, or you, or anything except real estate and fixed fights. But I'll show him that night, and poor Tom too. I really feel sorry for Tom."
 "My dear abyssal brute is going to behave most abominably and brutally, I fear," she murmured.
 He laughed. "I'm going to make a noble attempt at it. Positively my last appearance, you know. And then it will be you, YOU. But if you don't want that last appearance say the word."
 "Of course I want it, Big Man. I want my Big Ma. for himself, and to be himself he must be himself. If you want this I want it for you and for myself too. Suppose I said I wanted to go on the stage or to the south seas or the north pole?"
 He answered slowly, almost solemnly:
 "Then I'd say go ahead. Because you are you and must be yourself and do whatever you want. I love you because you are you."
 "And we're both a silly pair of lovers," she said when his embrace had relaxed.
 "Isn't it great?" he cried.
 He stood up, measured the sea with his eye and extended his hand out over the big woods that covered the sacred, purple ranges.
 "We've got to sleep out there somewhere. It's thirty miles to the nearest camp."
 Who of all the sports present will ever forget the memorable night at the Golden Gate arena when young Glendon put Tom Cannam to sleep and an even greater one than Tom Cannam, kept the great audience on the ragged edge of riot for an hour, caused the subsequent graft investigation of the supervisors and the indictments of the contractors and the building commissioners and pretty generally disrupted the whole fight game?
 It was a complete surprise. Not even Stubener had the slightest apprehension of what was coming. It was true that his man had been in subordinate after the Nat Powers affair and had run off and got married. But all that was over.
 Young Pat had done the expected—swallowed the inevitable crookedness of the ring and come back into it again.
 The Golden Gate arena was now, this was its first fight, and it was the biggest building of the kind San Francisco had ever erected. It seated 25,000, and every seat was occupied.
 Sports had traveled from all over the world to be present, and they had paid \$50 for their ringside seats. The cheapest seat in the house had sold for \$5.
 The old familiar roar of applause went up when Billy Morgan, the veteran announcer, climbed through the ropes to his high perch.
 As he spoke, a heavy crash came from a near section where several tiers of low seats had collapsed. The crowd broke into loud laughter and shouted jocular remarks and advice to the victims, none of whom had been hurt.
 The crash of the seats and the hilarious uproar caused the captain of police in charge to look at one of his lieutenants and lift his brows in token that they would have their hands full and a lively night.
 One by one, welcomed by uproarious applause, seven doughty old ring heroes climbed through the ropes to be introduced. They were all ex-heavyweight champions of the world.
 Billy Morgan accompanied each presentation to the audience with an appropriate phrase. As was called "Honest John" and "Old Reliable." Another was "the squarest two faced fighter the ring ever saw."
 And of others: "The hero of a hundred battles and never threw one and never laid down;" "the greatest of the old guard;" "the only one who ever came back;" "the greatest warrior of them all;" and "the hardest nut in the ring to crack."
 All this took time. A speech was insisted on from each of them and they mumbled and muttered in reply with proud blushes and awkward shamblings.
 The longest speech was from "Old Reliable" and lasted nearly a minute. Then they had to be photographed. The ring filled up with celebrities with

champion wrestlers, famous conditioners and veteran timekeepers and referees.
 Lightweights and middleweights swarmed. Everybody seemed to be challenging everybody.
 Nat Powers was there demanding a return match from young Glendon, and so were all the other shining lights whom Glendon had snuffed out.
 Also they all challenged Jim Hanford, who, in turn, had to make his statement, which was to the effect that he would accept the next fight to the winner of the one that was about to take place. The audience immediately proceeded to name the winner, half of it wildly crying "Glendon" and the other half "Powers."
 In the midst of the pandemonium another tier of seats went down, and half a dozen rows were on between cheated ticket holders and the stewards who had been reaping a fat harvest.
 The captain dispatched a message to headquarters for additional police details.
 The crowd was feeling good. When Cannam and Glendon made their ring entrances the arena resembled a national political convention. Each was cheered for a solid five minutes.
 The ring was now cleared. Glendon sat in his corner surrounded by his seconds. As usual Stubener was at his back.
 Cannam was introduced first, and after he had scraped and ducked his head he was compelled to respond to the cries for a speech. He stammered and halted, but managed to grind out several ideas.
 "I'm proud to be here tonight," he said, and found space to capture another thought while the applause was thundering. "I've fought square! I've fought square all my life. Nobody can deny that. And I'm going to do my best tonight."
 There were loud cries of "That's right, Tom!" "We know that!" "Good boy, Tom!" "You're the boy to fetch the bacon home!"
 CHAPTER XI.
 THEN came Glendon's turn. From him likewise a speech was demanded, though for principals to give speeches was an unprecedented thing in the prize ring. Billy Morgan held up his hand for silence, and in a clear, powerful voice Glendon began.
 "Everybody has told you they were proud to be here tonight," he said. "I am not."
 The audience was startled, and he paused long enough to let it sink home. "I am not proud of my company. You wanted a speech. I'll give you a real one. This is my last fight. After tonight I leave the ring for good. Why? I have already told you. I don't like my company. The prize ring is so crooked that no man engaged in it can hide behind a corker. It is rotten to the core, from the little professional clubs right up to this affair tonight."
 The low rumble of astonishment that had been rising at this point burst into a roar. There were loud boos and hisses, and many began crying: "Go on with the fight!" "We want the fight!" "Why don't you fight?"
 Glendon, waiting, noted that the principal disturbers near the ring were promoters and managers and fighters. In vain did he strive to make himself heard.
 The audience was divided, half crying out, "Fight!" and the other half "Speech, speech!"
 Ten minutes of hopeless madness prevailed. Stubener, the referee, the

"Only a few words," shouted the promoter in Glendon's ear. "But you're giving a lecture!"
 "There's nothing in the rules against lectures," Glendon answered. "And now you fellows get out of the ring, or I'll throw ya out!"
 The promoter, apologetic and struggling, was dropped over the ropes by his coat collar.
 He was a large man, but so easily had Glendon done it with one hand that the audience went wild with delight.
 The cries for a speech increased in volume. Stubener and the owner bent a wise retreat. Glendon held up his hands to be heard, whereupon those that shouted for the fight redoubled their efforts.
 Two or three tiers of seats crashed down, and numbers who had thus lost their places added to the turmoil by making a concerted rush to squeeze in on the still intact seats, while those behind, blocked from sight of the ring, yelled and raved for them to sit down.
 Glendon walked to the ropes and spoke to the police captain. He was compelled to bend over and about in his ear.
 "If I don't give this speech," he said, "this crowd will wreck the place. If they break loose you can never hold them. You know that. Now, you've got to help. You keep the ring clear and I'll silence the crowd!"
 He went back to the center of the ring and again held up his hands.
 "You want that speech?" he shouted in a tremendous voice.
 Hundreds near the ring heard him and cried "Yes!"
 "Then let every man who wants to hear shut up the noisemaker next to him!"
 The advice was taken, so that when he repeated it his voice penetrated farther. Again and again he shouted it, and slowly, zone by zone, the silence pressed outward from the ring, accompanied by a muffled undertone of smacks and thuds and scuffles as the obstreperous were subdued by their neighbors.
 Almost had all confusion been smothered when a tier of seats near the ring went down. This was greeted with fresh roars of laughter, which of itself died away, so that a lone voice far back was heard distinctly as it piped:
 "Go on, Glendon! We're with you!"
 Glendon had the Celt's intuitive knowledge of the psychology of the crowd. He knew that what had been a vast disorderly mob five minutes before was now tightly in hand, and for added effect he deliberately delayed.
 Yet the delay was just long enough and not a second too long. For thirty seconds the silence was complete, and the effect produced was one of awe.
 Then just as the faint hints of restlessness came to his ears he began to speak:
 "When I finish this speech," he said, "I am going to fight. I promise you it will be a real fight. One of the few real fights you have ever seen. I am going to get my man in the shortest possible time."
 "Billy Morgan, in making his final announcement, will tell you that it is to be a forty-five round contest. Let me tell you that it will be nearer forty-five seconds."
 "When I was interrupted I was telling you that the ring was rotten. It is—from top to bottom. It is run on business principles, and you all know what business principles are. Enough said."
 "You are the suckers, every last one of you that is not making anything out of it. Why are the seats falling down tonight? Graft. Like the fight game, they were built on business principles."
 He now held the audience stronger than ever and knew it.
 "There are three men squeezed on two seats. I can see that everywhere. What does it mean? Graft. The stewards don't get any wages. They are supposed to graft. Business principles again. You pay. Of course you pay. How are the fight permits obtained? Graft."
 And now let me ask you: If the men who build the seats graft, if the stewards graft, if the authorities graft, why shouldn't those higher up in the fight game graft? They do. And you pay.
 "And let me tell you it is not the fault of the fighters. They don't run the game. The promoters and managers run it; they're the business men. The fighters are only fighters. They begin honestly enough, but the managers and promoters make them give in or kick them out. There have been straight fights. And there are now a few, but they don't earn much as a rule."
 "I guess there have been straight managers. Mine is about the best of the bunch. But just ask him how much he's got salted down in real estate and apartment houses."
 Here the uproar began to howl his voice.
 "Let every man who wants to hear shut up the man alongside of him," Glendon instructed.
 Again, like the murmur of a surf, there was a rustling of smacks and thuds, and scuffles, and the house quieted down.
 "Why does every fighter work overtime insisting that he always fought square? Why are the called Honest Johns and Honest Ales and Honest Rickshaws and all that? Doesn't it ever strike you that they seem to be afraid of something?"
 "When a man comes to you shouting he is honest—get suspicious. But when a fighter passes the same dope out to you swallow it down."
 "Mr. the best man in the ring often have you heard Billy Morgan say that? Let me tell you if the best man doesn't win so often, and when he does he's called the 'straight' man for him."
 To be continued.

By-Law No.... Of the Village of Grimsby

Being a by-law to raise by way of debentures the sum of seven thousand five hundred dollars, to grant the same by way of loan to the Canadian Stoves Limited, of Grimsby, Ontario, to aid them in establishing, enlarging and carrying on the manufacture of stoves and furnaces in the Village of Grimsby.
 Whereas the said Company have made application to the Council of the Corporation of the Village of Grimsby for assistance by way of a loan of money for the purpose of enabling them to establish and enlarge their industry in the said Village.
 And whereas the said Corporation have agreed to make the said loan upon certain terms and conditions set forth in an agreement between the said parties;
 And whereas the said Company have agreed to repay the loan by equal instalments of principal and interest during ten years with interest at six per cent. per annum, payable annually;
 And whereas the Company further agree to employ not less than twenty-five hands, for two hundred days of nine hours each during each year for a period of ten years; to keep the property insured for the full amount of the mortgage; to pay all taxes levied for school purposes and water rates assessed against their property; and to agree to a fixed assessment of \$400 per year for ten years for purposes of other taxation, and to maintain the business in Grimsby during the life of the loan, that is ten years;
 And whereas it is necessary in order to make the said loan to borrow the sum of seven thousand, five hundred dollars and to issue debentures of the said Corporation therefor;
 And whereas the whole rateable property of the Village of Grimsby, according to the last revised assessment roll is \$1,050,412.09;
 And whereas the existing debt of the Village amounts to \$118,117.46, exclusive of local improvement debts secured by local special rates and assessments and no principal or interest is in arrears;
 And whereas it will require the sum of \$1,091.01 to be raised annually for a period of ten years to pay the interest of and discharge the said debt as the sum becomes due;
 And whereas it would be a public benefit to the ratepayers of the Corporation to have in operation an industry such as said Company proposes to establish.
 Therefore the Municipal Council of the Corporation of the Village of Grimsby enacts as follows:—
 That it shall be lawful for the Reeve of the Village of Grimsby to cause to be raised by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, a sum of money not exceeding on the whole \$7,500, and cause the same to be paid into the hands of the Treasurer of the Village of Grimsby for the use of the said Village of Grimsby for the purpose aforesaid.
 That it shall be lawful for the said Reeve to cause the debentures necessary for the sum required to be made of not less than \$100 and not exceeding on the whole \$7,500; said debentures to be sealed with the Corporate Seal of the said Village and signed by the Reeve and Treasurer thereof, bearing interest at the rate of six per cent. per annum and having interest coupons attached thereto. The interest shall be payable annually on the first day of October in each year during the currency of the said debentures, the first payment of interest to become due on the first day of October, 1920.
 The said debentures may bear any date within one year after the day on which this by-law is passed and shall be payable in ten annual instalments during the ten years next after the first day of October, 1919, and the respective amounts of principal and interest payable in each of said years shall be as follows:—

Year	Interest	Principal	Annual Payment
1	450.00	569.01	1019.01
2	415.96	603.15	1019.01
3	379.67	639.34	1019.01
4	341.31	677.70	1019.01
5	300.55	718.46	1019.01
6	257.57	761.44	1019.01
7	212.48	806.53	1019.01
8	165.28	853.73	1019.01
9	115.99	903.02	1019.01
10	65.68	953.33	1019.01
7500.00			

That the said debentures shall be made payable at the office of the Treasurer, Grimsby, and shall be signed by the Reeve and Treasurer of the Corporation and shall be sealed with the Corporate Seal. The interest coupons attached to the said debentures shall be signed by the Treasurer of said Corporation and his signature may be printed, stamped, lithographed or engraved.
 That for the purpose of paying the said debentures and interest a special rate sufficient for the purpose shall be levied in addition to all other rates assessed, levied and collected in each year on all the rateable property of the Municipality if necessary during the continuance of said debentures, or any of them except said debentures shall be sooner paid.
 The votes of the duly qualified electors entitled to vote upon this by-law shall be taken on the 16th day of October, 1919, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon of the same day by the Deputy Returning Officers hereinafter named.
 1. In polling sub-division No. 1 at Wilcox Chopping Mill by Robert Dalby, Poll Clerk and James J. Green, Deputy Returning Officer.
 2. In Polling sub-division No. 2 at the Grimsby Council Chambers by J.

A. M. Livingston, Poll Clerk, and Chas. H. Kirk, Deputy Returning Officer.
 3. In Polling sub-division No. 3 at J. A. Livingston's Office by John Scott, Poll Clerk, and Kenneth N. Groat, Deputy Returning Officer.
 That on the 13th day of October, 1919, at the hour of eight o'clock in the evening at the Council Chambers the appointment of persons to attend the final summing up of the votes by the Clerk respectively on behalf of the persons interested in promoting or opposing the passage of the by-law, shall be made by the Reeve.
 That immediately after the closing of the poll on the 16th day of October, 1919, the Clerk shall sum up the number of votes for and against the by-law.
 That this by-law shall come into force and have effect from and after the final passing thereof by the Council.
 Read a first and second time at a meeting of the Council held on the 23rd day of September, 1919.
 Passed in Council this day of October, 1919.

DO NOT BE MISLED ON THE REFERENDUM
BALLOT—YOU CAN VOTE ANY WAY YOU LIKE

You Can Mark Your Ballot Four No's or Four Yes's or You Can Mix Your Votes up and Still Not Spoil Your Ballot—You Must Vote Four Times.

BALLOT IS A FARCE

Do Not Let Anyone Tell You That You Must Mark Your Ballot Four Times the One Way to Make it Good, For Such is Not the Case.

There has been considerable misunderstanding in this riding and other ridings throughout Ontario over the Referendum ballot ever since it first appeared and right to this day there are hundreds of people who do not understand the four questions and how they should mark their ballot.

The ballot we will admit is in itself a farce and a joke but nevertheless it is the one we have to vote on.

Many people are under the impression that unless they mark their ballot "Four No's" or "Four Yes's" that it will be spoiled. This is not the case. According to the act you must mark your ballot four times, but you do not have to mark it "Four No's" or "Four Yes's". You can mark one yes and three no's—two yes's and two no's—three yes's and one no, or you can mark four yes's or four no's. You must mark it four times or it will be spoiled, but you can mix your markings up any way you please and your ballot will be perfectly good.

Do not let anyone tell you that you must mark it one way or the other four times to make it good, for such is not the case.

There are many people who want beer and light wines and the repeal of the O. T. A. but not the return to the old bar system, these people can mark their ballot two yes's and two no's in the allotted spaces and their ballot is perfectly good.

Do not be misled by advertisements from either prohibitionists or anti-prohibitionists, you have to mark your ballot "Four yes's" or "Four no's" to make it good for you do not have to do so.

Of course if you want the O. T. A. repealed, no matter how you stand on the other three questions you must mark the first question "yes". To repeal the Act you must mark yes on the first question, then you can mark the other three to suit yourself.

The ballot will be fully explained and dissected for the benefit of the uninitiated in Moore's Theatre on Friday night at a meeting of the Citizens' Liberty League. There will be competent men there who will explain the whole referendum act and plain the whole referendum act and the ballot to you.

"THREE GREEN EYES."

This is Unusual Title of New World Picture, With All-Star Cast.

"Three Green Eyes" is the unusual title of the unusual new World Picture, which with an all-star cast will be seen on Monday, October 13th at Moore's Theatre. It is a real all-star cast that is presenting this picture—Carole Blackwell, Montague Love, Evelyn Greeley, Jane Elridge and Johnny Hines. In addition there are a number of prominent film favorites who assist the stars in the rendition of the production. From every angle, "Three Green Eyes" is distinctly all-star—in story, in class of production, in the stars who appear in the cast, and in the interest and entertainment value of the picture.

"Three Green Eyes" is a picture you should see by all means because it will interest you and entertain you and make you glad to be among those present at the time it is flashed on the screen.

WE WELCOME YOU

They still continue to return to Canada after their service overseas; and to these late arrivals we extend a welcome as hearty and appreciative as we have extended to any of those brave lads who preceded them in the repatriation scheme of the Dominion.

BROWNLEE—Capt. Basil E. C. A. D. C., the eldest son of Dr. W. A. and Mrs. Brownlee, North GRIMSBY, accompanied by Mrs. Brownlee, arrived in Canada, and GRIMSBY, but a few days ago, after a long overseas service, all of which was spent in the depots of the Canadian Forces, in England. Capt. Brownlee was appointed to the Canadian Army Dental Corps early in 1916 and after several months service in Canada was ordered over-

seas for duty, and he proceeded to the Old Land in early 1917. Unfortunately Capt. Brownlee was not allowed to proceed further than England, and he has been continuously on duty there until a short time ago, when he returned to Canada; after being demobilized across the water. During Capt. Brownlee's sojourn in England, Mrs. Brownlee went over to be with him. This is the second of Dr. and Mrs. Brownlee's sons to have returned from serving their country. Corp. 122 Poll Clerks and 122 Constables Needed to Register the Vote and Look After Polling Places—105 People at Work all told.

GREAT AMOUNT OF WORK

Over 200 Miles of Road Travelled to Post up Proclamations — Nearly 25,000 Ballots Printed to Handle Both Votes—W. D. Fairbrother a Busy Man.

These are busy days for W. D. Fairbrother of Beamsville, Returning Officer for West Lincoln in the forthcoming election and Referendum vote.

Last week he had a staff of men busy in different parts of the riding posting proclamations for both the election and the referendum. Over 200 miles of roads were travelled in order to get the bills posted at the various polling places, and in other conspicuous spots.

The Referendum ballots, 11,500 of them were finished at the INDEPENDENT office last week and as soon as nomination is over there will be another 12,000 to print. These ballots will then all have to be counted and parcelled out and delivered before election day to the different deputy returning officers.

There are sixty-one polling booths in the constituency and this means there are a like number of D. R. O's. In each booth there will be two poll clerks and two constables, making a total of 122 clerks and 122 constables on duty. All told it will take 305 people to handle the vote.

The D. R. O's appointed by Mr. Fairbrother are as follows:—

Louth

O. D. Willis, Richard Fawell, Melvin Honsberger, Ezra Honsberger, Joseph Bachus, Andrew Gregory, John C. Lamont, Enos J. Fisher, Merle Pretz.

Clinton Township

Adam Harkness, Jas. I. Merritt, Norman Ismond, Frank Houser, Wm. Doughner, Geo. Oliver, Arthur H. Davies.

Pelham Township

Abram Egbel, Newton Beachwood, James Wilson, William Julian, Edward Clemens, Baxter Cunningham, Norris Leidy, F. R. Morgan, R. B. Fitzgerald, A. M. Glascher, David Flintoff.

Nominations will be held in Beamsville Town Hall, on Monday, October 13th, from the hours of 12 o'clock until 2 o'clock.

In last week's INDEPENDENT appeared the polling places for GRIMSBY, North GRIMSBY, South GRIMSBY, Beamsville and Clinton. This week we print the polling places for Gainsboro, Pelham, Louth and Calster, they are as follows:—

Letters To The Editor

THE H. C. L. AND THIEVING

Grimsby Independent.

Mr. Editor:—

Well, I was thinking a small short letter from your once low Charlie Chaplin might be a sort of cheap way of letting the people know he is like a rooster in his own back yard and that he still lives and can be heard crowing every day at No. 7 Market Street in the thriving city of Hamilton. He now has three names—Tufford, Swayze, Shepherd and the tough has been so completely annihilated from the annals of history that he has almost forgotten his own name and for this reason we will give him the name "Charlie Chaplin."—However, Mr. Editor recollections of the past, present and the future are still in his memory, as he is now nearing the seventy year limit and among the class of Gray Beards who have enjoyed a long life of bitter and sweet days of pleasure and sorrows, ups and downs; Charlie is still alive and wondering at the long drawn out differences of men and their opinions. Newspapers for instance are full of common things which are taking place daily. Crimes of every kind and in every country as common as the Cost of High Living prices, on the Hamilton Market. Why, Mr. Editor, should a man blush or fear to own his name because he is a farmer asking an enormous price for his produce when you go to the first corner store and get a common shirt worth fifty cents for two dollars and fifty, a pair of shoes worth \$2.00 for \$6.00; and a looking glass called a mirror worth 10 cents, now for \$1.00, I would be almost ashamed to take a peep in the thing for fear I would be ashamed of myself and almost think I committed highway robbery. Farmer or merchant, there should be no difference in the punishment meted out for an auto thief; whether it was a judge's auto or the one belonging to the poor lost Charlie Ross. Law should be based on good common sense and justice handed down on the same plan.

If the sugar in fruit season can be monopolized by the sugar thief, why have I not the same right to steal the fruit from the farm, then steal the sugar to get even on the fruit deal, its only common sense, the people who work and toil must live. A Food Controller, so called going up and down the road like your lost boy, tell me where and how the benefit is derived outside of paying the traveling expenses for this generous position. A man may whistle and a dog may bark but the poor boy has to go and chase the hog out of the corn—it is said there soon will be an election and it shall come to pass that the common people will use common thought and vote on common sense and principles. Why not?

What about the grape crop in Lincoln County, has the grower the right to make his price, either for that county or any other county one hundred dollars a ton. Has he given the general public the information thoroughly, that we may understand. Why has the merchant the right to ask twenty cents per pound for sugar, we would like to know and why? Where is the food Controller.

A. B. Tufford.

EIGHTY-FIRST BATT. MEN WILL TAKE A REFERENDUM.

The St. Catharines and District 81st Battalion Association met Wednesday night in the G.W.V.A. club rooms St. Catharines and decided that a referendum should be taken by mail of all members of the battn. as to the disposition of the battalion's trust fund, which amounts to \$5,500. Four questions were recommended the first for suitable memorials to fallen comrades in St. George's Church, St. Catharines and St. George's Church, Toronto, the remainder to be divided pro rata among the members of the battalion who have returned and the next of kin of those who fell in action.

The second is to provide similar memorials, the remainder being invested at a higher rate of interest and used for a distress fund, under the direction of a committee of eleven to be chosen by the ex-members.

The third proposal provides for similar memorials, the remainder being used to form a nucleus of a benefit fund, to be augmented by assessments to provide sick relief and death and funeral benefits. This also under the direction of a committee of eleven.

The fourth proposal provides for the memorials, the remainder to be divided between the Toronto ex-members association and the St. Catharines and District Association on the basis of their respective strengths at the time of embarkation for overseas, to form a regimental association fund from which distress could be alleviated.

The fees of the association were placed at 25 cents per month.

HOT EGG COFFEE

One-half cup well-made strong coffee, one tablespoon cream, one well-beaten egg sugar to taste, about two teaspoons a trace of salt, two drops of vanilla. Break the egg into a bowl, beat it till frothy and pour in the coffee, which should be boiling hot and mixed with the other ingredients. Whisk well and serve at once. This makes a generous cup. If desired the amount of cream may be slightly reduced or increased.

The Navy League of Canada Its Vital Work for Canada

THE Navy League of Canada fosters the splendid spirit that made the British the greatest of maritime nations. It organizes loyal Canadians so that practical work may be accomplished for the development of Canada's direct interests at sea.

The human side of Canada's Mercantile Marine is the League's especial interest—training Canadian boys to become the sturdy type of British manhood that won its laurels again and again in the great war—relieving distress among victims of the submarine warfare—and giving the sailor ashore an alternative place for rest and recreation to the places of doubtful entertainment that abound in port.

Why the \$500,000 is needed

On Nelson Day, October 21st, starts a 3-day campaign throughout the Dominion to raise \$500,000 necessary to finance the coming year's work of the Navy League of Canada. Help the work by giving liberally. As a nation whose expanding trade will depend on exports, we must educate our boys to the highest type of seamanship so that they will be equipped to man our ships to carry our exports to foreign markets.

You will do your part in this work by contributing liberally to the support of the Boy's Navy Brigades, the organizations by which the Navy League trains boys for our merchant marine.

Every dollar subscribed will be used to further the work of the Navy League in Canada—the work in which you are personally interested as a patriotic citizen. Help by giving.

District Summary

News of the District Culled From Our Exchanges

We have Victory, but it is not paid for yet.

Next Monday, October 13th is Nominations Day.

Caledonia Fair, Thursday and Friday of this week.

4251 men are employed in Welland's 18 leading industries.

Five breaches of the O. T. A. were on the docket in one day in St. Catharines.

Up to date there are four candidates seeking election in Welland County.

He has one leg! You have two hands to help him—hands to hold Victory Bonds.

A grand reception, banquet and presentation of medals to South GRIMSBY'S returned men was held in Smithville on Wednesday last.

Owing to the high rate of exchange on New York the Post Office Department has issued instructions that no further Postal Notes will be sold for remittance to the United States.

Welland, Sept. 29.—Mr. Harriek of Wainfleet, was this afternoon unanimously chosen as the U. F. O. candidate for the riding of Welland in place of E. McIntyre who retired because of inability to qualify.

A fine of \$600 was imposed yesterday afternoon upon Harry D. Symmes, formerly manager of the Port Dalhousie, St. Catharines and Thorold Street Railway and formerly a resident of St. Catharines. Mr. Symmes, who now resides at Niagara Falls, pleaded guilty last week before the Magistrate in that city to a charge of neglecting to make out his income tax return. Judgment was reserved until yesterday. He still has to make out his return and pay the federal tax.

A Dominion Charter has been granted to the Smith Doll and Toy Co. Limited of Dunnville. The company which is capitalized at \$150,000 will manufacture and deal in dolls and toys.

The strike of the steel workers in the United States is being felt in this district by the Canning Companies on account of the shortage of tin plate for making cans. St. Catharines and Jordan plants of the Dominion Canners have been closed.

The Lincoln County milk producers intend to adopt the price set by Mr. O'Connor of \$3.10 an eight gallon can delivered at the dairy. This price holds good until the first of December, when a revision will be made.

Martin Johnson of South GRIMSBY, reported to the Hamilton police on Monday that he had lost \$180 while on the GRIMSBY car. It is thought that his pocket was picked as he stepped off the radial car at the Terminal Station.

King Albert and Queen Elizabeth of Belgium arrived Thursday in the United States. They are the first reigning monarchs of an important European state to visit this continent. King Albert visited the States some years before he ascended the throne. There is a possible chance that the Royal couple may find a day or so in which to visit Canada.

Sun time will once more operate in Canada immediately after 2 o'clock on the morning of October 27th. At that hour all over Canada trains will come to a stand for an hour. Clocks will be turned back an hour so as to switch industry and all the varied manifestations of life in the Dominion back to the old time.

Welland Press.—Miss Martha Matilda Rink was sentenced by Judge Livingstone, yesterday afternoon to three years in the penitentiary commencing from the date of sentence, in connection with the arson case for which J. Young and C. Willis were recently sentenced. This sentence is the same as that given Mr. Young.

A very daring robbery was pulled off early Thursday morning at Niagara Falls (Ont.). At least two men who evidently knew their way about made entrance to the building of the Mayhew hat factory near the M. C. R. station and carried off between \$3,000 and \$4,000 worth of finished and partly finished hats. They evidently used a car to make the getaway, for it would make a good load.

A very pretty wedding took place at the home of Mr. and Mrs. J. I. Thomas, Glenview, Stoney Creek, on Wednesday afternoon October 1, when their eldest daughter, Cora, was united in marriage to Mr. Herbert L. Green, son of Mr. and Mrs. J. W. Green of Stoney Creek. Rev. A. D. Robb, recently chaplain of the 129th service battalion, in which the groom served overseas, officiated at the ceremony.

St. Catharines, Sept. 30.—Authorities here are puzzled over the case of an unknown man, a Pole, supposed to be dying at the hospital. He was found unconscious with his head smashed in on Welland Avenue and was taken to the hospital by three strange men in an auto, who didn't leave their names. It is not known if the unconscious man was beaten and robbed or if he fell off a street car while on his way to work. Many foreigners here and throughout this district have been assaulted and robbed and quite a number killed outright. The injured man had a dollar in his pocket when found.

TO PREVENT UNEMPLOYMENT

Next year will be well advanced before Canada's main expenditures for war, can be completed. Every dollar that can be raised for the Victory Loan 1919 will be required.

Although hostilities ceased in 1918 the war expenses went on. This is just as much a war year as last year was, as far as the money is concerned. Pressing liabilities incurred by the war and involving vast sums of money have to be cared for. The simplest and most profitable manner in which this can be done is for the people to provide the money themselves.

The Victory Loan 1919 is entitled to just as much consideration as was given to its predecessors. It is up to every loyal Canadian to do his utmost to make the new loan an overwhelming success. The continuance of the prosperity of the nation is wholly dependent upon it.

It was naturally to be expected that trade depression in the Dominion would have followed the armistice but this was avoided. The publication of a large part of the last victory loan as credits to Great Britain and our allies for grain, dairy produce, fish, lumber and ships. These credits were absolutely necessary and strictly good business. They must be continued. They are national re-investments. The debts will be paid eventually and in the meantime industrial and agricultural workers will be kept in busy and lucrative employment.

WHAT IS A CURE?

IS IT A TEMPORARY OR PERMANENT CONDITION?

Let us get down to brass tacks. Is there any such thing as a cure? You may eradicate every trace of disease from your system and be restored to your former state of health—but you haven't attained a cure. You're better as long as disease germs are present in the universe you may be afflicted again.

Take for example a man has a terrible headache for days. It has driven him almost insane, sapping his energies and making him unable to work. He tries doctors, takes prescriptions, and finally finds a preparation that makes him feel again. Immediately he says, "I'm cured."

Six months later his head begins to ache. What does he say, "Here's my old headache back again, that medicine was a fake"—or does he say, "Another attack! We'll soon knock that out!" and commences the use of the remedy that relieved him before.

This happens in many cases of Rheumatism, Lumbago, Neuritis, Neuralgia. That is why we say "Templeton's Rheumatic Capsules" remedy these diseases. They are 90% effective by actual record.

Use T.R.C.'s whenever you have rheumatic trouble.

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. W. WORTHINGTON, 2342 North Taylor St., Philadelphia Pa.

"The majority of mothers nowadays, verily, there are so many demands upon them, that they are often overworked, irritable and depressed and soon these serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthington."

Seidel Plays Wild Gypsy Dances

Gypsy musicians started the dancing craze in Hungary with their famous "Csardas," or tavern dances. Perhaps the most dazzling of this fascinating music is the "Hejre Kati" (pronounced High-ra-katy), scenes from the Csardas. Toscha Seidel interprets it with irresistible fire.

French Army Band Superb in "Arlesienne"

Bizet's exquisite "Arlesienne Suite" must have mightily appealed to these veteran bandmen of the Marine, for they play it as if they love it. As in Bizet's opera Carmen, these melodies are strongly influenced by the composer's study of French and Spanish folk-music. On the back, "La Feria," an inspiring Spanish bull-ringing march.

"Breeze" (Blow My Baby Back To Me)—A Harmonious Duo

Arthur Fields and Jack Kaufman, a new Columbia vocal combination, sing this harmonious sweetheart song. Coupled with Billy Murray's rollicking, jovial, popular rendering of "Take Me Back to the Land of Jazz."

The Expenditure of \$610,000,000

How the last Victory Loan was spent

For Demobilization

For Trade Extension

BEFORE buying Victory Bonds again you may want to know how Canada used the money you loaned her last year

Canada borrowed the money to carry on the war and to provide credits for Great Britain and our Allies.

CONSIDERABLY more than one-half of the Victory Loan 1918 was spent on our soldiers. This included \$312,900,000 for paying them, feeding them, bringing them home, separation allowances to their dependents, maintenance of medical services and vocational training schools.

\$59,000,000 of the Victory Loan 1918 was paid on account of authorized Soldiers' gratuities.

\$9,000,000 was spent at Halifax for relief and reconstruction after the disaster.

Other disbursements were not strictly speaking expenditures, but National Re-investments.

To Great Britain for example:

\$173,500,000 was loaned for the purchase of our wheat and cereals.

\$9,000,000 for our fish.

\$30,000,000 for other Foodstuffs.

\$2,900,000 for Canadian built ships.

\$5,500,000 to pay other British obligations in Canada.

Making in all \$220,900,000 advanced to Great Britain.

To our Allies, we loaned \$8,200,000 for the purchase of Canadian foodstuffs, raw material and manufactured products.

The Re-investments will be paid back to Canada in due time, with interest.

These credits were absolutely necessary to secure the orders for Canada because cash purchases were impossible.

They have had the effect of tremendously helping agricultural and industrial workers to tide over the depression that would have followed the Armistice, had we not made these credit loans.

As far as money is concerned, 1919 has been, and is still—just as much a war year as 1918. Our main expenditures for war cannot be completed until well on into 1920. Thus another Victory Loan is necessary—Get ready to buy.
